Overview

; fUX i Uh]cb ̈FUhYg ̈C jYf j]Y k

The Graduation Rate component of the IPEDS survey collects data on the cohort of first-time, full-time, degree/certificate-seeking undergraduates and tracks them for 150% of the normal time of their program to see how many complete. This information is collected as part of the Student-Right-to-Know Act.

8UhU ̈FYdcfh]b[̈FY a]bXYfg

Once a student is in the cohort, they remain in the cohort, even if they switch to part-time or drop out. However, adjustments can be made to the initial cohort for exclusions, which include the death of a student, permanent disability, military deployment, or an official church mission.

This screen contains both NEW and OLD race/ethnicity categories.
Report each individual only ONCE, in either a new category OR an old category.
Do NOT double count individuals!

Report ALL Nonresident aliens and Race and ethnicity unknown in the 'Categories used in BOTH New and Old' section.

•Incoming students that are seeking a bachelors degree should be reported in column 02. While column 3 will then be generated, it is meant to include any first-time, full-time entering students who are seeking an associates degree or undergraduate certificates.
•If you have no changes to the preloaded data on this screen, you must click the "Save and Next" button to generate screens to report completers and transfers.

- Those undergraduate students who attained OTHER THAN A BACHELOR'S DEGREE within 150% of normal time as of August 31, 2010 should be reported in either Col 11 or 12, depending on the length of the program.
- Those who attained a bachelor's degree or equivalent within 150% or normal time should be reported in Col 18.

• In the columns below, report the status of the OTHER THAN A BACHELOR'S DEGREE-SEEKING STUDENTS
  reported in the subcohort in Col 10, who did not complete a program as of August 31, 2010.
• Report transfers-out who did not complete a program in Col 30. If the mission of your institution includes providing
  substantial preparation for students to enroll in another eligible institution WITHOUT having completed their programs,
  you must report transfer-out data in column 30. A school is required to report only on those students that the school
  knows have transferred to another school. A school must document that the student actually transferred. If it is not part
  of your mission, you may report transfer-out data if you wish.
• Report exclusions from the cohort in Col 45. The ONLY allowable categories for this column are:
students who died or became permanently disabled
students who left school to serve in the armed forces(or have been called up to active duty)
students who left school to serve with a foreign aid service of the Federal Government
students who left school to serve on an official church mission
• Col 49 [non-completers (still enrolled + not enrolled) and completers > 150% of normal time] will be calculated for you
• If you do not have any values to enter in either column 30 or K
