During 2016-2017, the Assessment Committee created a new Assessment Webpage linked on the GBC Faculty and Staff page, planned and conducted an assessment symposium, reviewed and evaluated all 2016-2017 assessment report forms, worked on the annual summary report, and successfully presented two action items in Faculty Senate. The first action item revised the course assessment form so that more meaningful qualitative data could be collected from the forms. The second action item revised GBC's assessment policy and procedure regarding the submission of the approved course assessment form.
